## Experience

### Web-design

2022 – Present

#### wordpress & Elementor

Since 2022, I've been building my web design skills with WordPress and Elementor. I've worked on different local projects, creating user-friendly and attractive websites. This experience has helped me understand how to design websites that work well for people.

### UI/UX

2023 – 2024

#### Figma & Adobe XD

I am well-versed in Figma and Adobe XD, two of the leading tools for UI/UX design. With these tools, I can create detailed wireframes, interactive prototypes, and intuitive interfaces tailored for a great user experience.

### Multimedia Designer

2021- present

#### graphic designer & Video editor

I am a multimedia designer and a member of Kobciye Innovate Solutions. With expertise in graphic design and video editing, I work proficiently with tools like Canva, Photoshop, Premiere, CapCut, and Illustrator to create high-quality visuals and engaging content.

### Software developer

2021-present

#### full stack developer

I am a full stack developer with strong skills in HTML, CSS, JavaScript, PHP, and MySQL. I have experience building diverse systems and websites, using my skills to create functional and dynamic digital solutions.
